INTRODUCTION

REV. DR. MENSA OTABIL
Chancellor

Central University College is an educational initiative of the International Central Gospel Church (ICGC). It has its origins in a short-term pastoral training institute, which was started in October 1988 by ICGC. It was later incorporated in June 1991 under the name Central Bible College. In 1993, the name was changed again to Central Christian College.

The College later upgraded its programme to the baccalaureate level, and in line with national aspirations, expanded its programmes to include an integrated and practice oriented business school (the School of Business Management and Administration). To reflect its new status as a liberal arts tertiary institution, the university was re-christened Central University College in 1997. The National Accreditation Board has since accredited it as a tertiary Institution. It is co-educational with equal access for males and females enrolment.
